RE: AUTHORIZATION FOR REGISTRATION JACKET OF EPA REG. NO. 34810-31

Wexford Labs, Inc. (Wexford) hereby authorizes the Office of Pesticide Programs of the U.S. Environmental Protection Agency to release the following the complete registration jacket for EPA Reg. No. 34810-31 to Wexford's representative in this matter, Richard L. Conn of Conn & Smith, Inc.

In connection with a current EPA Data Call-In, please note that Wexford places a very high priority on completion of Mr. Conn's FOIA request by the Agency as Wexford, after exhaustive searching, has been unable to locate 100 percent of the EPA regulatory records that Wexford believes exist for this product. There is no need for EPA to perform its traditional confidential business information review (other than for 3<sup>rd</sup> party information) prior to release of the requested documents, since in this situation Wexford is simply requesting copies of documents to which it has rightful access.

Please contact me at (800) 506-1146 if you have any questions.

Sincerely,
